Wed Nov 28, 2012	10:00am – 4:00pm	PALS	Stamford EMS HQ

SEMS will offer the final traditional classroom-based 30-hour EMT refresher in February. Going forward, EMTs and AEMTs seeking to renew their state certification will be assigned coursework on the SEMS LMS which must be completed prior to the scheduled practical evaluation and testing day.

Additional offerings will be scheduled throughout the calendar year to accommodate new hire training and provide quality courses in relevant topic areas. Check our Learning Management System (LMS) or EMS Charts for training announcements.
